OUR PRINTING PLANT.

It is one of the most up-to-date in Ontario. We have added the latest model of automatic (self feeding) press, which will not only hasten the delivery of work, but help to reduce the cost of production. It is better to get your printing from us than to wish you had.

OUR PRINTING PLANT.

It is one of the most up-to-date in Ontario. We have added the latest model of automatic (self feeding) press, which will not only hasten the delivery of work, but help to reduce the cost of production. It is better to get your printing from us than to wish you had.

THIS IMPRINT MEANS SOMETHING

It means your work has had the attention, in detail, essential to its fine appearance when completed. This, in turn, means that you will become one of our steady patrons. Try us if you feel your work could be done a little better.

We quote Special Prices to Clubs, Institutions, Parks and others who require seed in large quantities.

BOOK ON LAWNS AND GREENS

LAWNS AND GREENS

It is most important that the lawn should be sown with a mixture of grass seeds especially adapted for the purpose required. A mixture suitable for a Park or Golf Course would be quite unfit for a private lawn, Bowling or Putting Green. All the finest grasses that are most suitable for the formation of a lawn when grown for seed, produce very much less weight of seed per acre than do the coarser growing varieties, consequently the cheaper the mixture the coarser the turf. We maintain that the finest dwarf growing grasses are the most economical even for large areas, as the turf formed by the dwarf compact habit of the finest grasses requires to be mown only about half as many times as a turf formed of coarser growing varieties.

OUR PRINTING PLANT.

It is one of the most up-to-date in Ontario. We have added the latest model of automatic (self feeding) press, which will not only hasten the delivery of work, but help to reduce the cost of production. It is better to get your printing from us than to wish you had.

The GENERAL MOTORS Policy *of* Progress

Recently General Motors has introduced three new automobiles—the new Pontiac, the new Oldsmobile, the new Chevrolet.

In the past twelve months the new McLaughlin-Buick has appeared, as well as the new Oakland and the new Cadillac; while LaSalle, a wholly new creation, has taken its place in the General Motors line.

Such a year's record, accomplished with no interruption in production, furnishes a fitting occasion for reaffirming General Motors' fundamental policy, leadership in quality through continuous improvement.

General Motors believes that the benefits of engineering advancement should be given to the public as soon as perfected.

Thus General Motors, year after year offers an increasing measure of modern design, modern performance, riding comfort and distinctive style in all its automobiles.
